bibliotheca®

quickConnect™

SELF-SERVICE IS ONLY CONVENIENT IF IT'S EASY

Our intuitive self-service software has been designed from the ground up, specifically for library users.

quickConnect™ delivers an engaging experience for users of all ages and abilities - making borrowing and returning library items a breeze.

DESIGNED FOR EVERYONE	QUICK & CONVENIENT WORKFLOW	PACKED WITH ENGAGING CONTENT	EASY PAYMENT TRANSACTIONS	SIMPLE BACK-END MANAGEMENT

FEATURES & BENEFITS

Update all screens in real-time with just a few clicks

Provide users with the option to select from 70 languages
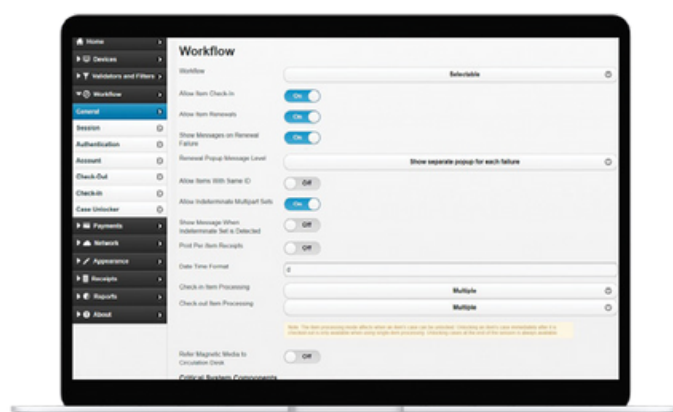

Grab their attention with library promotions

Control features on the front-end and back-end

Create limitless themes in minutes with a highly customizable self-service interface

MAXIMIZE YOUR IMPACT

Outstanding alone; stellar together
Every product in Bibliotheca's ecosystem is designed with unique capabilities that allow them to work together to solve libraries' most pressing problems.

quickConnect™ is our flagship self-service software developed to run across our entire range of selfCheck™ solutions, creating a unified software experience no matter which model you choose.

QUICKCONNECT AVAILABLE INTEGRATIONS

PaperCut: PC reservation & print release software, permits patrons to create print jobs from a PC in the library, then pay for and release prints at a selfCheck.

Pharos: Permits fines & fees payments, adding funds to patron e-Purses, printing guest passes, making donations.

MonitorBM: PC reservation & print release software, permits fines & fees payments, printing guest & museum passes.

unifi+: Engages patrons with library-created digital displays that promote programs and share information, offers dynamic full-screen promotions and multi-screen functionality.

LibCal: This integration allows libraries to easily populate their Springshare calendar, which automatically syncs with selfChecks™ running quickConnect™

LocalHop: Seamless calendar integration to enhance library event engagement. Patrons can browse, share, and print event details directly from self-service stations. This integration simplifies event management and boosts participation.

Stripe: Allows patrons to pay fines & fees or make donations through a dynamic QR code or payment terminal. A low cost and easy-to-install payment option for libraries.

Library contributions: quickConnect simplifies patron donations from the homepage, while libraryConnect ensures streamlined reporting and accurate fund allocation for compliance, supporting libraries' sustainability and growth.

Novelist: Gives patrons access to curated book recommendations they can place holds on based on what they are checking out, enhances browsing and discovery, exclusive only to Bibliotheca.

cloudLibrary by OCLC: Uses promotional space in quickConnect to showcase cloudLibrary eBooks. Patrons can view a synopsis, print/email it, and place a hold on the item directly from the selfCheck.

Wayfinding: uniFi+ simplifies professional wayfinding creation, with quickConnect enabling patrons to select their preferred language for a personalized and accessible experience.

quickConnect SMS: Offers instant, internet-free access, making messages easy to locate compared to emails. SMS receipts are always accessible and help reduce paper waste, promoting sustainability while enhancing convenience and reliability.
