|selfCheck 2500

The selfCheck 2500 is the perfect solution for libraries seeking high-quality, reliable technology that also delivers excellent value for money, with exceptional functionality in a compact and space-efficient design.

SPACE-SAVING DESIGN	ANTI-GLARE SCREEN	THIRD-PARTY INTEGRATIONS	CENTRALIZED MANAGEMENT	QUICKCONNECT SOFTWARE

|FEATURES & BENEFITS

Efficient Use of Space
The selfCheck 2500 optimizes limited floor space while maintaining a sleek, modern aesthetic that fits perfectly into today's libraries.

Engaging, Customizable Experience
With quickConnect, our market-leading kiosk software, your library can customize the user interface to reflect your brand and create a seamless, welcoming experience for every patron.

Anti-glare screen
The new anti-glare screen ensures exceptional visibility in any lighting condition, making every interaction effortless and enjoyable.

Secure & Flexible Payment Options
Simplify transactions with integrated card payment solutions. Our cost-effective, flexible mounting options enhance convenience and reliability for both patrons and staff.

Easy to Service
Representing over 30 years of innovation, the selfCheck 2500 is engineered for ease of maintenance, with thoughtful design choices that make servicing quick and efficient, reducing downtime and maximizing reliability.

|MAXIMIZE YOUR IMPACT

OUTSTANDING ALONE; STELLAR TOGETHER

Part of Bibliotheca's interconnected ecosystem, the selfCheck 2500 enhances library operations through seamless integrations:

quickConnect
Deliver a personalized and branded patron experience with an intuitive, customizable interface.

libraryConnect LINK
Centralized management and reporting tools.

uniFi+
